

Illinois Prairie Weavers Guild - 2011 Challenge

***“That’s a Fiber of A Different Color!”
(ABC)***

Weave something, anything
in any structure
using at least two different colors
and exploring the interaction of those colors
identifying for yourself one or more of the following:

A: a **PURPOSE** of the item

B: a **LEARNING GOAL** for you in the project

-and-

C: a **PERSONAL CHALLENGE** for you in the project

Present your project at the December 2011 meeting, telling us:

what your ABCs were,
what you learned, and
what you would do differently next time.

P.S. Everything in a Challenge is completely optional, meant only to inspire and challenge you in your personal journey as a weaver! So accept whatever parts of the challenge you wish and feel free to ignore the rest!

Good Luck and Happy Weaving!!!
